### Jonna's Words of Gratitude:

I want to thank SBCC and everyone involved for selecting me to receive this award. I am so grateful and it means so much to me that my efforts are being recognized. Coming to the U.S and enrolling at SBCC has been the best and most rewarding decision I've ever made, and these two years has taught me so much. Being here has really boosted my interest and passion for what I study. During my time here I have really grown, not only academically but also personally. It has been challenging but I have loved every second of it. I have met people so valuable to my future education and career, and I've also met friends for life. Thank you to all SBCC professors, my family and friends for all your support, and a special thank you to Dr. Andrea Haupt for my two favorite classes and a valuable internship.

I can't wait to continue my studies for my last semester at SBCC and then continue on my path towards a career in International Relations.
