

Interior Design

Bailee Roberts

Submitted by Diana Costea

It is a pleasure to recommend Bailee Roberts for the Outstanding Student of the year.

I met Bailee this spring semester when she joined both my classes, Introduction to Interior Design ID 100/ ID 100L and Drafting 101. She excelled in both classes.

In my Interior Design class, Bailee impressed her colleagues and myself with her ability to design and communicate her designs through varied media. She is a talented individual, with exceptional focus and high level of maturity and responsibility. Always present and always well-prepared Bailee is ready to exceed the expectations and requirements for the class. Bailee IS the Outstanding Student of the year!

Bailee's Words of Gratitude

Awe, this is such a lovely surprise. After years working in another field, I decided to pursue a long day dream of mine to study interior design and architecture in the hope of pivoting to a new career. Professor Diana Costea kindly allowed me to enrol in her full classes and I am so grateful for her support and patience throughout the term. I have fully enjoyed the classes and look forward to continuing my studies over the semesters to come. Many Many Thanks.
